# ABOUT THE "KINNIKUMAN" PHANTOM REPRINT...

**Yudetamago-sensei's debut work "Kinnikuman VS. Okamarasu", and his second work, "Kinnikuman vs. Eraginesu" both won the Atsuka Award (a competition run by Shonen Jump for the best gag manga by a newcoming mangaka) are both linked to the characters of the Ultra Brothers (from the Ultraman franchise of tokusatsu shows) Eventually, they decided to seperate their creations from the Ultra Brothers to create the character we all now know and love. Now, thanks to the permission of Tsuburaya Productions, who holds the rights to Ultraman, this pilot will be reprinted after twenty years of being hard to find!**

**Moreover, the setting is different from the "Kinnikuman Nisei" that all of you know. Naturally, as Harasada from "Kinnikuman World" would say, enjoy both of them, thoroughly.**
